SUMMARY

Full-Stack Developer with a strong foundation in Java, JavaScript, and RESTful API design. Experienced in building web applications and backend services with React.js, Node.js, and Spring Boot. Comfortable working across the stack, from database design to responsive UI, and quick to pick up new tools in an Agile environment.

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+)
Backend: Spring Boot, Spring Security, Node.js, Express.js, RESTful APIs, JWT
Frontend: React.js, HTML5, CSS3, Tailwind CSS
Databases: MySQL, MongoDB
Core: OOP, DSA, DBMS
Tools: Git, GitHub, Postman

INTERNSHIP EXPERIENCE

Software Engineering Intern | VEI Technologies Pvt Ltd, Chennai *Jan 2025 – Feb 2025*

- Developed full-stack web applications using React.js, Node.js, Express.js, and MySQL, following standard software engineering practices.
- Built and tested RESTful APIs for backend integrations, using Postman to verify functionality.
- Designed reusable frontend components to improve maintainability and responsiveness.
- Worked within an Agile team, using GitHub for version control, debugging, and feature delivery.

PROJECTS

Connected Mobility – IoT Vehicle Monitoring Dashboard

- Built a real-time monitoring dashboard for EV and petrol vehicle fleets using React.js and Firebase.
- Displayed live vehicle data such as battery status, tire pressure, and engine temperature.
- Integrated the Google Maps API for live location tracking and geofencing.

NoteHub – AI-Powered Notes Management Application

- Built a full-stack MERN notes app with secure JWT authentication, letting users create, edit, delete, search, and favorite notes.
- Designed REST APIs with Express.js and MongoDB Atlas for secure, cloud-based data storage.
- Integrated an AI-powered assistant to summarize and enhance notes, and deployed the app on Vercel and Render.

AI-Enabled Food Delivery Platform

- Built a full-stack food ordering platform using React.js, Node.js, Express.js, and MongoDB.
- Integrated an AI chatbot to help handle common customer support queries.
- Designed REST APIs to manage orders, menus, and user authentication.

EDUCATION

Sri Sairam Engineering College, Chennai *May 2026*
B.E. Computer Science and Engineering — CGPA: 7.24, No History of Arrears

SS Government Higher Secondary School, Rajapalayam
Higher Secondary (12th): 73.50% – 2022
Secondary (10th): 71.20% – 2020

CERTIFICATIONS

- Junior Full Stack Developer — Tata STRIVE (4-month course)

SOFT SKILLS

Problem Solving, Team Collaboration, Communication, Adaptability, Time Management
